## Proposal to increase the Pupil Capacity at Ysgol Llanfair Dyffryn Clwyd

**Children and Young People's Version**

## Who are we?

Governing bodies are a group of people who have a big say in terms of how a school is run.

Along with the Head Teacher and the Church in Wales, it is our job to plan how the school will change and get better.

## What's happening?

We are working with the Church in Wales and the Local authority to create a plan to change your school.

We would like to know what you think about our plan.

## What is the plan?

We would like to increase the number of children that are able to attend your school.

We would like to offer places for up to 3 more children in each year group throughout the school.

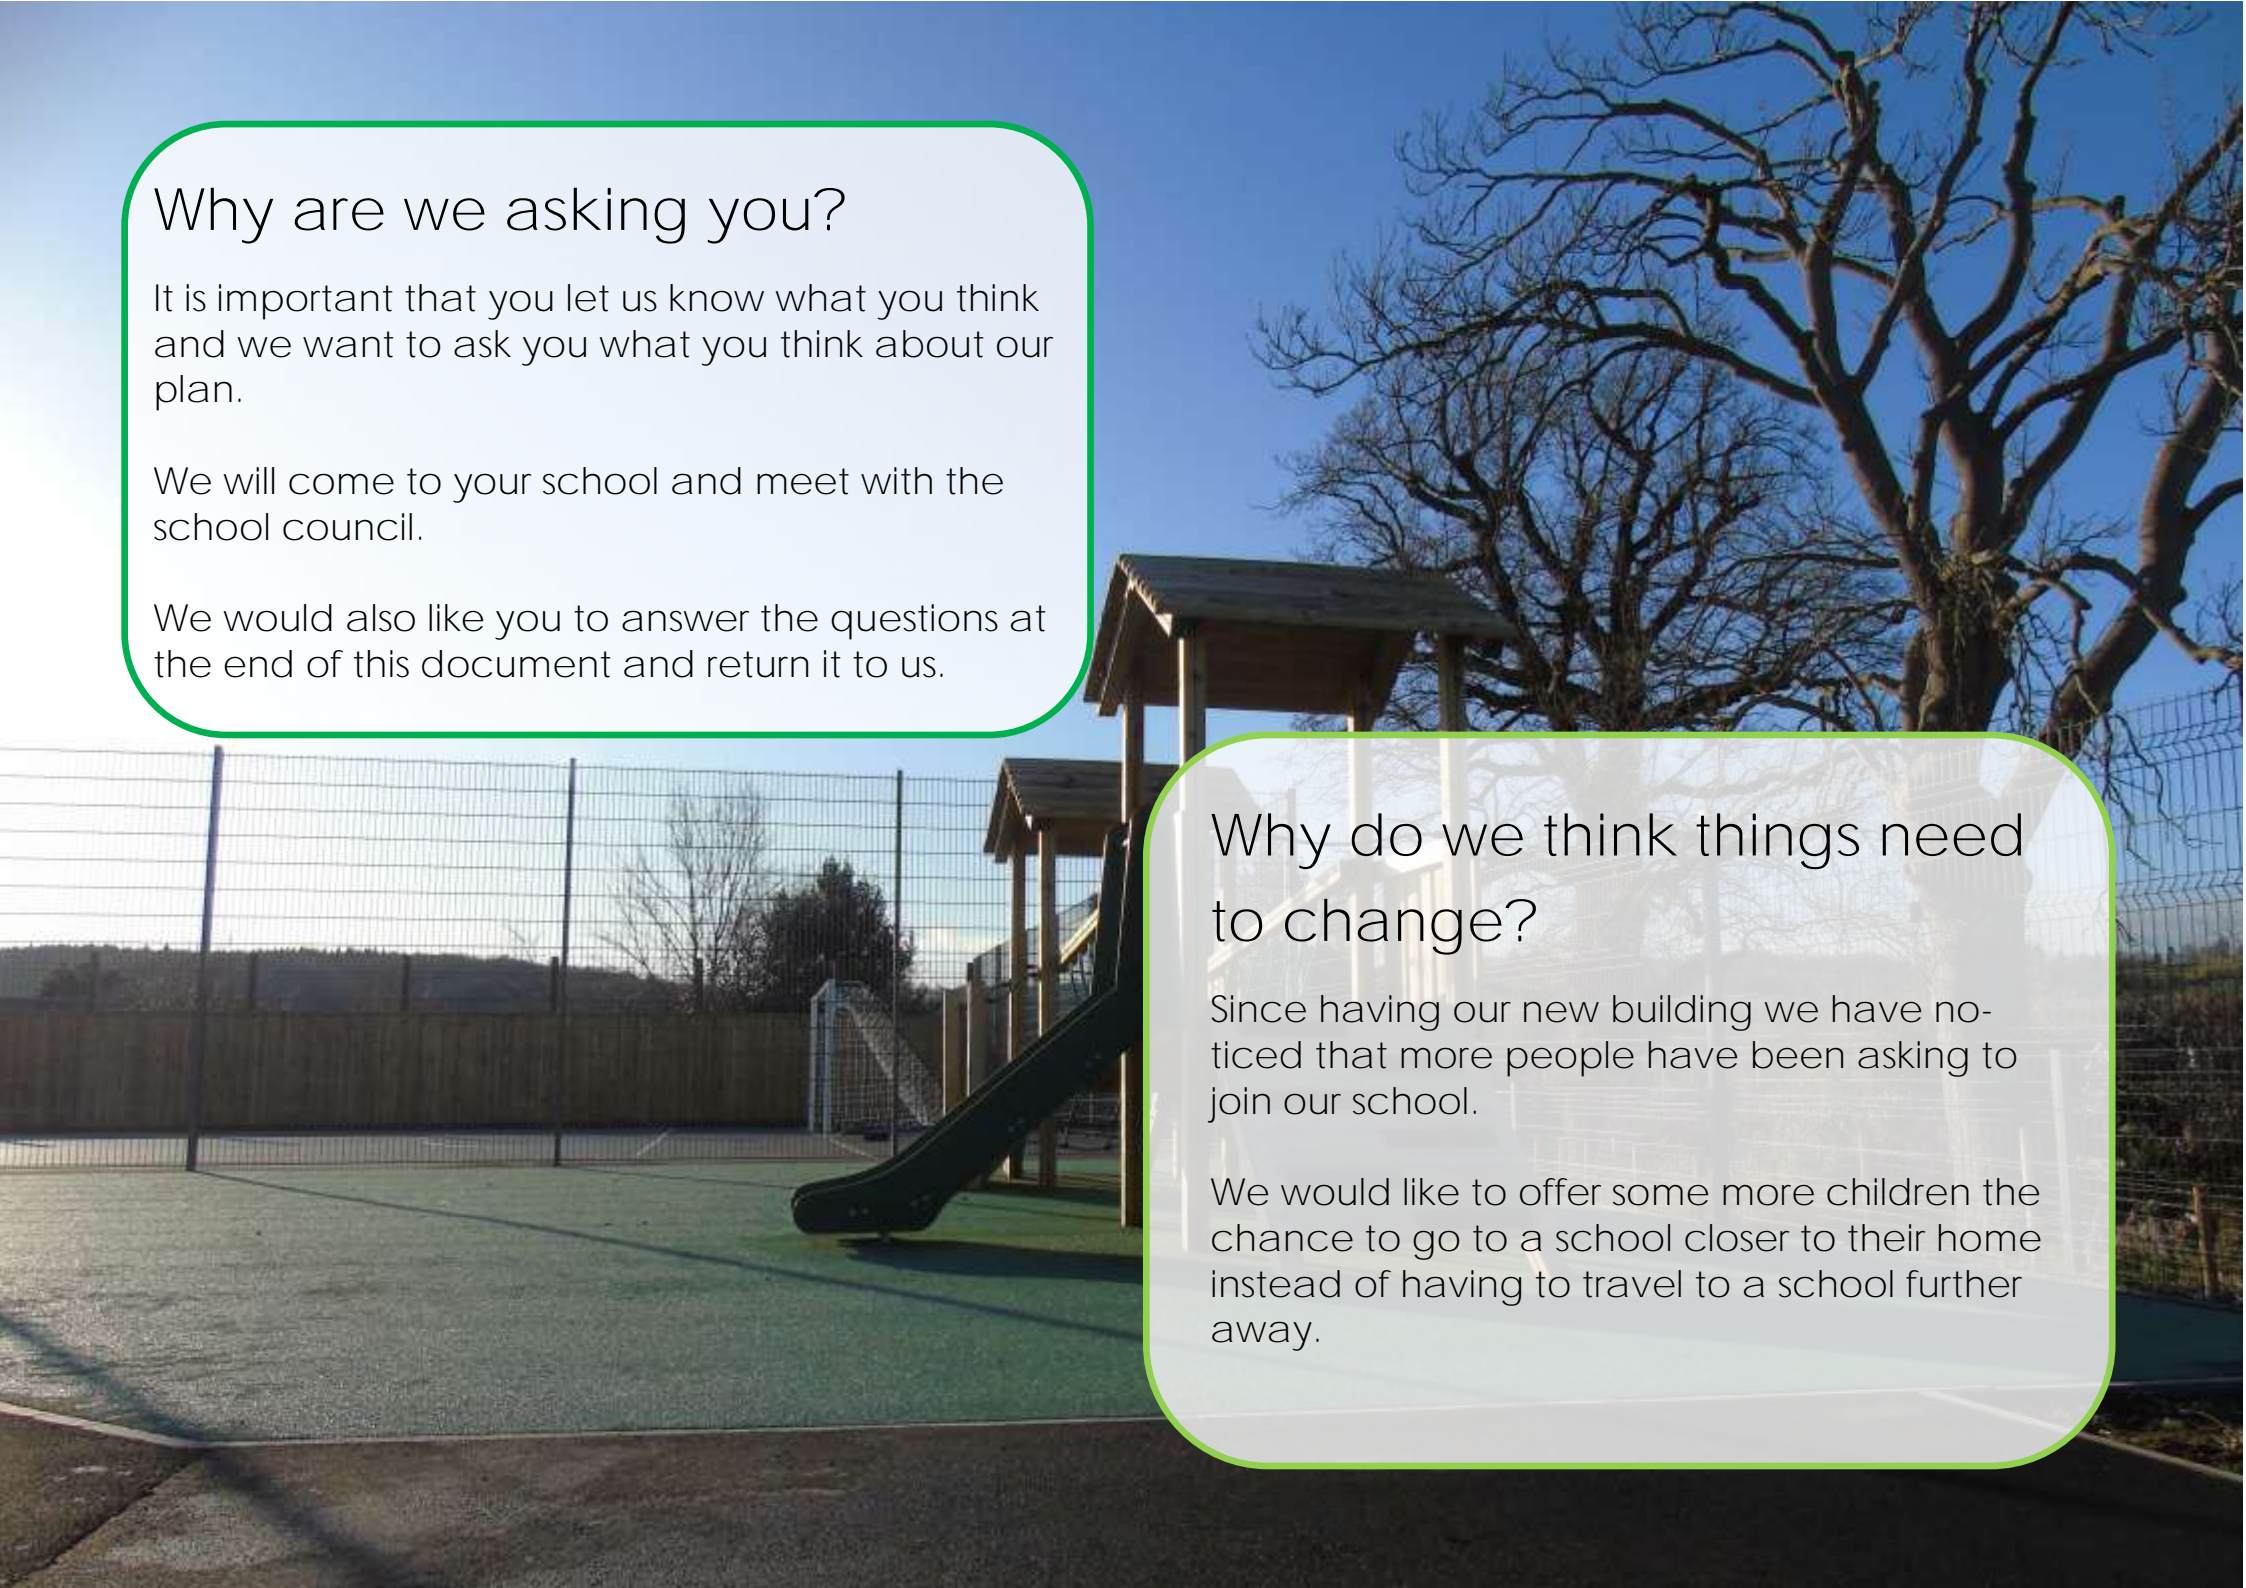

## What will change?

If the change is approved:-

There could be up to 3 more children in each year group.

The mix of children in each classroom might change. You might end up sharing your classroom with children from the year above or below your own. *For example, if you are in year 2 you might end up sharing a classroom with children in year 1 or year 3.*

The background image shows a school playground. In the foreground, there is a green safety mat on the ground. To the right, a wooden play structure with a slide is visible. In the background, there is a large, leafless tree and a chain-link fence. The sky is clear and blue.

## Why are we asking you?

It is important that you let us know what you think and we want to ask you what you think about our plan.

We will come to your school and meet with the school council.

We would also like you to answer the questions at the end of this document and return it to us.

## Why do we think things need to change?

Since having our new building we have noticed that more people have been asking to join our school.

We would like to offer some more children the chance to go to a school closer to their home instead of having to travel to a school further away.

## How long will things take?

Telling everyone what we've found out	16th November 2021
